Department of Mathematics

Issued with Decree no. 156 of December 18th 2025

CALL FOR THE SELECTION FOR THE AWARDING OF NO. 1 POST-DOC ASSIGNMENT

PURSUANT TO ART. 22-BIS LAW 240/2010

Italian Fund for Science (FIS), Executive Decree No. 1567 of October 22, 2025: Competitive procedure for the development of fundamental research activities, funded by the Italian Fund for Science 2022–2023 (FIS 2 Call) – Provisions for the ranking list shift – Macro-sector PE – Physical Sciences and Engineering – Project Code: FIS-2023-0272ff5 – CUP: E53C25001800001

Article 1 - Description

A selection process based on qualifications and interview, pursuant to art. 22-bis of Law no. 240 of 30 December 2010, is hereby announced at the Department of Mathematics of the University of Trento, for the award of no. 1 post-doc assignment with a fixed-term employment contract for the purpose of carrying out research activities within the following research project(s).

Research Project(s):

MUR FIS2 Marchese - CUP E53C25001800001 - FIS-2023-02725 - Singular structures in the geometry of measures: decompositions, rigidity and rectifiability

Funding source(s):

Italian Ministry of University and Research

Responsible for the research project:

Prof. Andrea Marchese

Scientific-Disciplinary Group (GSD):

01/MATH-03

One or more Scientific-Disciplinary Fields (falling under the above GSD):

(SSD): MATH-03/A

Department/Center of affiliation:

Mathematics Department

Location(s) where the activity takes place:

Mathematics

Subject of the research activity:

The research activity is part of the FIS2 project SingMeas, devoted to the study of the singular structures of measures arising in Geometric Analysis, Optimal Transport, and Geometric Measure Theory. The aim is to develop new tools to describe the fine geometric structure of measures and their singularities, with particular attention to decompositions along low-dimensional sets, concentration phenomena, and rectifiability properties. The techniques employed combine methods from metric analysis, the theory of currents, fractal geometry, and the Calculus of Variations.

The scientific-professional profile required to carry out the research project is described in Article 2 below - Requirements for participation in the selection.

Duration of the contract:

12 months

The contract is required to start by and no later than:

May 1st 2026

Gross annual salary:

Euro 35.700,00 for the entire duration of the contract.

Article 2 - Requirements for Participation in the Selection

2.1. Italian or foreign candidates who meet the requirements set out in letters A) and B) of this article may participate in the selection process.

2.2. The requirements set out in this call must be met by the application deadline and on the date of employment. Admission of candidates to the selection is made subject to the verification of the requirements for access to employment.

2.3. Exclusion from the selection process due to lack of the general and specific requirements indicated in the call is arranged by a motivated decree of the Director and notified to the interested party. Exclusion shall not occur if the possession of the admission requirements can be inferred from the context of the documentation provided.

A. General Requirements

2.4. Italian or foreign candidates who, by the deadline of the call indicated in the following Art. 3.1, hold a PhD degree (Dottore di ricerca), or an equivalent qualification obtained abroad recognized as equivalent by the Selection Committee solely for the purposes of admission to the selection, or, for the sectors concerned, the medical specialization qualification indicated in the following Art. 2.9 lett. i, may participate in the selection.

2.5. For participation in the selection process, candidates shall, under penalty of exclusion from the selection process, enjoy civil and political rights and, only with reference to Italian citizens subject to compulsory military service, be in a regular position regarding this obligation.

2.6. The following are not allowed to participate in the selection process:

a) tenured staff, hired indefinitely, of universities, public research bodies, and institutions whose scientific specialization diploma has been recognized as equivalent to a PhD degree pursuant to article 74, fourth paragraph, of Presidential Decree 11 July 1980, no. 382;

b) those who have benefited from fixed-term researcher contracts in the tenure track pursuant to article 24 of Law 240 of 2010, as amended by Legislative Decree 36/2022 converted with Law 79/2022;

c) those who have a relationship of kinship or affinity up to and including the 4th degree with a professor belonging to the academic structure that proposed the activation of the Research Contract, or with the Rector, the General Director, or a member of the Board of Directors;

d) those who have been dismissed from employment with a Public Administration, who have been discharged from employment with a Public Administration for persistent insufficient performance or who have been declared forfeited from other public employment, pursuant to art. 127, first paragraph, letter d) of the Consolidated Law approved with Presidential Decree 10.1.1957 no. 3, for having obtained employment by producing false documents or documents vitiated by incurable invalidity, or those whose employment relationship with a Public Administration has been terminated for disciplinary reasons.

2.7. Candidates who have been convicted of crimes referred to in Article 85, first paragraph, letter a) of the Consolidated Text approved with Presidential Decree no. 3 of 10.1.1957, may not be admitted to the selection, subject to the Administration's independent assessment.

2.8. As of the contract stipulation date, citizens of a country other than those that are members of the European Union, or with which the Union has stipulated agreements on free movement, must have applied for or be in possession of a suitable and regular residence permit covering the entire duration of the research contract, under penalty of forfeiture of the right to sign the contract.

B. Specific Requirements

2.9. For participation in the selection process, candidates shall, under penalty of exclusion from the selection process, have the following specific requirements:

i. PhD degree in Mathematics awarded from an Italian University or equivalent degree obtained abroad

ii. Level of knowledge of the English language: excellent;

iii. Maximum number of publications that each candidate can attach to the application: 3

2.10. Possession of the following specific requirements constitutes a preferential qualification:

Research interests related to one or more of the following topics:

- geometric measure theory

- optimal transport

- calculus of variations

- metric analysis

- fractal geometry

- ergodic theory

Article 3 - Application for Admission

3.1. Interested parties must submit their application exclusively using the online compilation and submission method provided for this purpose, by accessing the page: http://www.unitn.it/apply/inc-ric, by and no later than **12:00 P.M. (noon) on January 8th 2026.**

3.2. Please be informed that access to Apply for submitting the application for all those in possession of an Italian tax code and a valid Italian identification document and who do not already have a Unitn account is only permitted via SPID (Public Digital Identity System).

3.3. For information and clarification, please contact the Research Selection Unit of the University of Trento, via Alla Cascata, 56/C, Palazzina D, 38123, Trento; e-mail address: selezioni.ricerca@unitn.it; telephone numbers: 0461-281914/281969/281620/281157/285309.

3.4. In the application, the candidate must declare under their own responsibility:

a) their name and surname (as reported in the attached identity document), date and place of birth, citizenship, residence, domicile elected for the purposes of the evaluation, and the e-mail address at which to receive communications relating to the selection procedure;

b) of being in possession of all the requirements indicated in art. 2 of the call, of being aware of all the limitations, including the overall duration limits referred to in art. 9 of this call, and of not being in any of the incompatibilities provided for by art. 12 of this call;

c) that they undertake to promptly communicate any change in their residence, elected domicile, and/or contact details indicated in the application for admission.

3.5. The Administration assumes no responsibility in the event of dispersion of communications resulting from inaccurate indications by the applicant or from failure or delayed communication of the change of their contact details, nor for any postal or electronic mishaps not attributable to the Administration itself.

3.6. The interested party will also have the obligation to declare:

a) criminal convictions;

b) pending criminal proceedings and trials;

c) services rendered to Public Administrations. In the event of a terminated employment relationship, the candidate must declare the cause of termination if it consists of one of the following: dismissal; discharge for persistent insufficient performance; forfeiture from employment pursuant to Article 127, first paragraph, letter d) of Consolidated Law 3/1957; disciplinary dismissal;

d) situations that determine an irregular position regarding compulsory military service and military service (only for Italian citizens subject to compulsory military service).

3.7. Candidates must attach to the application:

a) Curriculum Vitae in PDF format;

b) Publications up to the maximum number indicated in the previous Art. 2.9;

c) in case of a PhD or medical specialization degree obtained abroad, the relevant certificate or other document proving the successful completion of the doctoral final exam or medical specialization issued by the foreign University or institution where the qualification was obtained; only in the case of a medical specialization degree obtained abroad, documentation proving the recognition of the qualification in Italy by the competent Ministry;

d) any other document, or substitute declaration thereof, attesting to the possession of any further qualifications deemed useful for the evaluation;

e) photocopy of a valid identity document or other recognition document.

3.8. With regard to Art. 3.7 lett. b), the following is specified:

- publications and, in particular, scientific articles (press extracts), are considered valid for the evaluation provided they include the details regarding the author, title of the work, place of publication, and, if applicable, the number of the journal, encyclopedia, or treatise from which they are derived;

- for publications that have been accepted but not yet published, documentation proving acceptance must be attached;

3.9. In application of Art. 33 of Presidential Decree no. 445 of 28.11.00, documents drawn up in a foreign language other than English, French, German, and Spanish must be accompanied by an Italian or English translation certified as compliant with the foreign text, drawn up by the competent Diplomatic or Consular Representation, or by an official translator.

Article 4 - Setting-up of the Selection Committee

4.1. The Selection Committee is appointed by the Director of the Department/Center. The Committee concludes its work within two months from the date of publication of the appointment decree. Upon a motivated proposal of the President, the Director of the interested academic structure may grant an extension of up to one month. Should the Committee fail to conclude its work within this deadline, the Director of the interested academic structure will revoke the appointment by their own decree.

4.2. The Committee is composed of three members, typically ensuring adequate gender representation among professors and researchers with research experience on the topics covered by the call, including those from other Italian and foreign universities, at least one of whom is classified in the scientific-disciplinary group for which the selection procedure is announced.

4.3. The Commission may make use of electronic collegiate working tools in all phases of the evaluation procedure.

Article 5 - Methods of carrying out the comparative evaluation process

5.1. The selection is carried out through the comparative evaluation of the candidates and is aimed at assessing the possession, by the candidates, of a scientific-professional curriculum suitable for carrying out the activity that is the subject of the post-doc assignment. For the purposes of admission to the procedure, the Committee evaluates the equivalence of qualifications obtained abroad to the PhD degree.

5.2. The Committee may decide to conduct the oral interview in English and/or in other languages relevant to the research.

5.3. Candidates are evaluated comparatively based on the following criteria:

a) relevance and significance of previously carried out research activities, as well as any work experience, in relation to the content of the research program subject to the selection;

b) relevance of the attached publications to the research program subject to the selection;

c) adequate knowledge of the English language and/or other languages relevant to the research.

5.4. The Committee, after adequate assessment and based on the criteria referred to in Art. 5.3, collegially proceeds to express a motivated judgment and assign the corresponding score for each individual evaluation criterion.

5.5. The Committee assigns a maximum of 70 points for qualifications and a maximum of 30 points for the interview, for a total maximum of 100 points. The 70 points assigned to qualifications are subdivided as follows: 40 points for the requirement in Art. 5.3 lett. a); 25 points for the requirement in Art. 5.3 lett. b), and 5 points for the requirement in Art. 5.3 lett. c).

5.6. Candidates who achieve a score of at least 49 out of 70 in the qualification assessment are admitted to the interview. The interview is considered passed with a score of at least 21 out of 30.

5.7. The list of candidates admitted to the interview and the calendar indicating the date, time, place, or online modality for the interviews will be announced at least 5 days before they take place with a notice published on the Internet portal: https://lavoraconnoi.unitn.it/incarichi-post-doc?field_stato_value=2. Candidates must present a valid identification document at the interview.

5.8. The publication of the notice on the University portal is equivalent to notification pursuant to the law for the summoning to the interview. The candidate's absence will be considered as a waiver of the comparative evaluation, whatever the cause.

5.9. The Selection Committee draws up a report of the operations carried out in each phase of the evaluation procedure. The Committee draws up a final merit ranking upon conclusion of the qualification evaluation phase and the oral interview, which is the sum of the scores obtained by the candidates in each phase.

5.10. In the event of equal scores, preference is given to the candidate of younger age pursuant to Law 127/1997 (art. 3, paragraph 7).

5.11. The selection procedure concludes with the formulation of the final merit ranking, which is published on the internet portal: https://lavoraconnoi.unitn.it/incarichi-post-doc?field_stato_value=2.

Article 6 - Conclusion of the selection process and award of the Post-Doc assignment

6.1. The Director of the interested academic structure, with their own decree, approves the selection records and approves the award of the post-doc assignment based on the merit ranking referred to in Art. 5.11. The successful candidate will be given written communication of the award of the post-doc assignment.

6.2. In case of renunciation by the interested party, received subsequent to the award, the Director of the interested academic structure approves the award of the post-doc assignment to the next candidate in the ranking.

6.3. The validity of the merit ranking referred to in Art. 5.11 ceases after 12 months from the approval of the selection records.

6.4. Within 30 days of the award of the post-doc assignment, the interested party is invited to stipulate the employment contract in written form. The post-doc contract must be signed within 30 days following receipt of the invitation to stipulate the contract, except for motivated needs that are compatible with the project activity.

Article 7 - Submission of documents for the establishment of employment

7.1. For the preparation of the post-doc contract, the winner must present:

i. the declaration made pursuant to art. 46 of Presidential Decree 445/2000 attesting to the contracts benefited from pursuant to arts. 22, 22-bis, 22-ter and 24 Law 240/2010 and of not being in any of the incompatibilities provided for by art. 12 of the call;

ii. a plain paper copy of the certificate of attainment of the PhD / medical specialization qualification (for those who obtained the qualification abroad) or self-declaration relating to the attainment of the PhD / medical specialization qualification (for those who obtained the PhD / medical specialization in Italy); in the case of medical specialization obtained abroad, also a plain paper copy of the documentation attesting to the recognition of the qualification in Italy by the competent Ministry;

iii. A copy of the valid residence permit for Italian territory or documentation certifying the start of the procedure for issuing the residence permit for non-EU citizens.

7.2. The required qualifications must be possessed both on the deadline date for submitting the application for admission to the competition and at the time of signing the employment contract, without prejudice to what is indicated above regarding the residence permit. The Administration may order, at any time, exclusion from the competition or failure to stipulate the contract due to lack of the prescribed requirements.

Article 8 - Employment Relationship

8.1. The holder of the post-doc assignment establishes a fixed-term employment relationship with the University of Trento for a duration of 12 months for the sole purpose of carrying out the research project referred to in Art. 1 of this call.

8.2. The establishment of the fixed-term employment relationship is conditional on the verification of the possession of the prescribed requirements.

8.3. Starting from the date of employment, the contract holder is subject to a probationary period of 3 months. For the purpose of completing the probation period, only the service actually provided is taken into account. The

eventual negative evaluation is the responsibility of the Director of the academic structure concerned, after consulting the Research Manager.

8.4. After the probationary period has elapsed without the employment relationship being terminated by either party, the post-doc assignment holder is considered confirmed in service.

8.5. Post-doc assignment holders articulate their work performance in agreement with the Research Manager. The post-doc assignment holder is subject to health checks provided for by Legislative Decree no. 81/2008 at the expense of the University.

8.6. For post-doc assignment holders in the medical field, the performance of clinical assistance activities may be foreseen in relation to the needs of the research project, with methods provided for by specific agreements between the University and the healthcare facilities involved.

8.7. Violations of the University's Ethical Code and Code of Conduct constitute a disciplinary offense. Disciplinary competence is regulated by Article 7 of Law no. 300 of 1970, and subsequent amendments.

8.8. Post-doc assignment holders are granted the provisions of Legislative Decree no. 151 of 06.03.2001 regarding protection and support for motherhood and fatherhood, Law no. 104 of 05.02.1992 for assistance, social integration, and rights of disabled persons, and Art. 37, 40, and 68 of Presidential Decree no. 3 of 10.01.1957, and subsequent amendments, regarding extraordinary leave and sick leave. Sick leave cannot be extended for more than 9 months if the contract has a two-year duration. In case of renewal, the sick leave period must be proportional to the renewal period.

8.9. Post-doc assignment holders are granted the provisions of Art. 69 and 70 of Presidential Decree no. 3 of 10.01.1957, and subsequent amendments, regarding leave for family reasons. Leave for family reasons cannot exceed 12 months, during which the applicant does not receive any allowance or social security contributions. Leave for family reasons is authorized by resolution of the Council of the academic structure that issued the call for the position.

8.10. Post-doc assignment holders may assume the role of Service Manager according to the Regulation regarding contracts and conventions for third-party activities.

Article 9 - Renewal and Duration of the Post-Doc Assignment

9.1. The post-doc assignment may be renewed, in compliance with the maximum duration terms set out in the following paragraphs.

9.2. The overall duration of relationships established with the same person pursuant to Art. 22-bis L. 240/2010, including renewals, even by different institutions, cannot exceed three years, even if not continuous. For the purpose of calculating the overall duration, periods spent on maternity or paternity leave or sick leave according

to current legislation are not considered. The maximum limit mentioned above can only be waived to implement specific European Union research funding programs within the framework of the Marie Sklodowska-Curie Actions (MSCA) program.

9.3. The overall duration of relationships established by the same person pursuant to Art. 22, 22-bis, 22-ter, and 24 of Law 240 of 2010, including those with different universities (state, non-state, or online), High Education for Art, Music and Dance institutions, institutions whose scientific specialization diploma has been recognized as equivalent to the PhD degree pursuant to Article 74, fourth paragraph, of Presidential Decree no. 382 of 11 July 1980, and public research bodies, cannot in any case exceed eleven years, even if not continuous. For the purpose of the duration of these relationships, periods spent on maternity or paternity leave or sick leave according to current legislation are not relevant.

Article 10 - Termination of the employment relationship

10.1. The termination of the employment relationship is determined by the expiration of the term or by the withdrawal of one of the parties and by any other cause of resolution provided for by current legislation.

10.2. During the probationary period, each of the contracting parties may withdraw from the post-doc assignment at any time, and without the obligation of notice or indemnity in lieu of notice. Withdrawal takes effect from the moment of communication to the counterparty.

10.3. After the probationary period has elapsed and until the expiry of the term, withdrawal from the post-doc assignment may in any case occur, for both parties, if a cause occurs that, pursuant to Art. 2119 of the Civil Code, does not allow the continuation, even provisional, of the relationship.

10.4. Subsequent to the expiry of the probationary period, the post-doc assignment holder may withdraw in writing by giving a notice period of 30 days. In the event of failure to give notice, the Administration will withhold from the post-doc assignment holder an amount corresponding to the remuneration for the period of notice not given. Unused funds for the post-doc assignment are reintegrated into the interested structures.

Article 11 - Income, tax, welfare, social security and insurance treatment

11.1. The holder of the post-doc assignment referred to in this call is entitled, for the entire duration of the relationship, to the all-inclusive gross economic treatment established in Art. 1 of this call.

11.2. Economic and career progressions provided for permanent researchers do not apply to the holder of the post-doc assignment referred to in this call.

11.3. The employment relationship established between the University of Trento and the post-doc assignment holder is governed by the provisions in force on the matter, also as regards the tax, welfare, and social security treatment foreseen for employed income.

11.4. The University also provides insurance coverage against accidents at work and occupational diseases and for civil liability.

Article 12 - Incompatibility Regime

12.1. The incompatibilities set for employees of public administrations, as resulting from the regulatory provisions of Article 53 of Legislative Decree 165/2001, apply to the employment relationship established pursuant to this call. Post-doc assignments are also incompatible with:

a) any other subordinate employment relationship, even part-time or fixed-term, with public or private entities, and entails the placement on leave without pay for the employee in service with public administrations;

b) holding research grants even at other Universities or public research bodies;

c) doctoral scholarships or other scholarships conferred by national or foreign institutions for any reason, except those exclusively aimed at international mobility for research purposes.

12.2. The post-doc assignment is also not compatible with attending degree courses, specialist or master's degrees, PhD programs, or medical specialization in Italy or abroad, without prejudice to the possibility of implementing specific European Union research funding programs within the framework of the Marie Sklodowska-Curie Actions (MSCA) program.

12.3. Notwithstanding all of the above, the post-doc assignment holder may not, in any case, carry out activities that could create a conflict of interest with the activities of the University of Trento.

12.4. The performance of occasional extra-institutional activities may be authorized by the Manager of the Human Resources and Organization Directorate, provided they are compatible with the regular and profitable performance of the activity and do not involve a conflict of interest with the activity of the Structure. The verification is the responsibility of the Director of the Structure itself.

12.5. Post-doc assignments do not give rise to a right of access to the permanent roles of universities, public research bodies, and institutions whose scientific specialization diploma has been recognized as equivalent to the PhD degree pursuant to Article 74, fourth paragraph, of Presidential Decree no. 382 of 11 July 1980, nor can they be counted for the purposes referred to in Article 20 of Legislative Decree no. 75 of 25 May 2017.

Article 13 - Intellectual Property

13.1. Intellectual property rights over intangible assets created or otherwise obtained by the contractor in the context of carrying out the research activity belong to the University, as provided for by Art. 65 of the Industrial Property Code (Legislative Decree 10 February 2005, no. 30, modified by Law 24 July 2023, no. 102 and subsequent amendments and additions).

13.2. In the context of carrying out research activity funded, in whole or in part, by private or public entities other than the University, intellectual property rights over intangible assets belong to the University, unless otherwise established in other University regulations or in the contract with the funding entity.

13.3. Intellectual property rights over intangible assets created or otherwise obtained by the contractor in the context of carrying out the research activity also belong to the University when the creation of software or a database is the result of carrying out the contractor's duties as a member of the University's staff, as provided for by current legislation on copyright.

13.4. In any case, the contractor is entitled to the inalienable, non-renounceable and imprescriptible moral right to be recognized as the inventor or author of the intangible asset created or otherwise obtained.

Article 14 - Information on the processing of personal data carried out within the scope of competitive and selective procedures

Regulation (EU) 2016/679 "General Data Protection Regulation" (hereinafter "GDPR") establishes the right of every person to the protection of personal data concerning them. Pursuant to Arts. 13 and 14 of Regulation (EU) 2016/679, the University of Trento intends to provide the following information to participants in competitive/selective procedures announced by the University (hereinafter "data subjects"). Specifically, this includes all competition notices aimed at hiring technical-administrative, teaching and research staff, both fixed-term and indefinite, selections for contract professors, research fellows, scholarship holders, and collaborators of various kinds.

14.1. Data Controller

The Data Controller is the University of Trento, via Calepina n. 14, 38122 Trento (TN); email: ateneo@unitn.it; ateneo@pec.unitn.it.

14.2. Data Protection

Officer Contacts The Data Protection Officer, who can be contacted for information relating to one's personal data, can be reached at the following email address: rpd@unitn.it.

14.3. Purpose of the processing and legal basis

The University of Trento processes personal data, including special categories of data and judicial data, within the scope of the execution of its tasks of public interest as well as for the fulfillment of legal obligations exclusively for the following purposes: - management of competitive/selective procedures (art. 6, par. 1, letter e) GDPR); - provision of aids and additional time for carrying out tests (art. 9, par. 2, letter g) GDPR); - checks on the veracity

of self-certifications made pursuant to Presidential Decree 445/2000 (art. 6, par. 1, letter c) and art. 10 GDPR); - completing the hiring procedure, with relative mandatory communications; - ascertaining, exercising or defending a right in court (art. 9, par. 2, letter f) GDPR; arts. 6, par. 1, letter e) and 10 GDPR).

14.4. Category of data processed

Personal data: name and surname, date and place of birth, tax code, nationality and citizenship, municipality of registration in the electoral lists, contact details (telephone number, residence and/or domicile addresses, email address); qualifications, data suitable for detecting knowledge, capacity, skills and competencies in educational and professional fields; special categories of data: data relating to one's own and/or family members' health, also deductible from any preference qualifications; judicial data: criminal convictions and offenses.

14.5. Source of data

Personal data are collected both from the data subjects and from other sources, such as public administrations and criminal records.

14.6. Nature of data provision

The provision of personal data is indispensable for participation in competitive/selective procedures and failure to provide it precludes participation. The provision of personal data to benefit from aids and additional time during the execution of the tests is optional and failure to provide it determines the impossibility for the Administration to guarantee them.

14.7. Processing methods

The processing of personal data is carried out using paper, computerized and/or telematic methods by personnel authorized to process data in relation to the assigned tasks and duties and in compliance with the principles of lawfulness, fairness, transparency, adequacy, relevance, non-excess and confidentiality (art. 5, par. 1, GDPR). No profiling or automated decisions are carried out.

14.8. Categories of recipients

The data will be communicated, in addition to the personnel of the University structures involved in achieving the aforementioned purpose, to other public and private subjects for the purposes indicated above. Subjects who, in the context of providing the services necessary to pursue the aforementioned purposes, should process the personal data of the data subjects on behalf of the University, will be designated as Data Processors pursuant to Art. 28 GDPR. Outside of these cases, personal data may be communicated to third parties only in case of fulfillment of a legal obligation and/or a provision of the Judicial Authority. Some personal data may be published

in the appropriate section of the University portal in fulfillment of the obligations established by current legislation. If, within the scope of the aforementioned purposes, personal data are transferred to non-EU Countries, the transfer of such data will be carried out within the limits and under the conditions referred to in Arts. 44 et seq. of the GDPR, or in the presence of an adequacy decision of the European Commission and, in its absence, of adequate safeguards.

14.9. Data retention period

Personal data will be retained for the period necessary to achieve the aforementioned purpose and in any case for the time necessary to fulfill legal obligations. In any case, they will be retained for the time established by current legislation and/or University regulations regarding the management and conservation of documentation produced by the University in the performance of its institutional activity.

14.10. Rights of data subjects

At any time, data subjects may exercise the rights established by Arts. 15 et seq. of the GDPR towards the Controller:

• access to their personal data and other information indicated in art. 15 of the GDPR;

• rectification of their personal data if inaccurate and/or their integration if incomplete pursuant to art. 16 of the GDPR;

• erasure of their personal data except in cases where the University is required to retain them pursuant to art. 17, par. 3 of the GDPR;

• restriction of processing in the hypotheses indicated pursuant to art. 18 of the GDPR;

• opposition to the processing of personal data concerning them in cases where this is permitted pursuant to art. 21 of the GDPR.

To exercise these rights, it is possible to use the appropriate form found on the "Privacy and personal data protection" page of the University portal and send it to the Controller at the contact details indicated above. Data subjects who believe that the processing of their data is in violation of the GDPR have the right, pursuant to art. 77 of the GDPR, to lodge a complaint with the Personal Data Protection Authority or to appeal to the appropriate judicial bodies.

Article 15 - Procedure Manager

15.1. The Manager of the comparative evaluation procedure of this call is Dr Mirella Collini Manager of Research Management Division - tel. 0461 281634 e-mail: selezioni.ricerca@unitn.it.

Article 16 - Final Provisions

16.1. The Italian version of this call is the one and only authentic version.

16.2. For anything not expressly provided for in this call, reference is made to the regulations referred to in Chapter II of the single Regulation for the award of research contracts, post-doc positions and research positions referred to in Arts. 22, 22 bis and 22 ter Law 240/2010.

The Director of Mathematics Department

Prof. Stefano Bonaccorsi

This document, if transmitted in paper form, constitutes a copy of the original digitally signed electronic document prepared and stored by this Administration in compliance with technical rules (Art. 3-bis and 71 Legislative Decree 82/05). The handwritten signature is replaced by the printed indication of the name of the person in charge (Art. 3 Legislative Decree 39/1993).
